THE PRESIDENT OF TECH

THE PRESIDENT'S MESSAGE

Dear Tech Students:

It is again my happy and honored privilege, for the eighth consecutive year, to extend you greetings and best wishes through the medium of the Lagniappe, and to register commendation for the excellent spirit of cooperation exemplified by everyone throughout the session.

Although at times world tensions have threatened to alter normal thinking and actions, our college not only has remained stable but also has made remarkable strides. Most certainly, the enrollment of more than 3,000 students, the completion of a $2,500,000 expansion program, and the start of a $2,325,000 revenue producing building plan which will embrace the construction of three new dormitories, a student center, and the addition to dining facilities will designate the 1956-1957 session as the most progressive in the 61-year history of our college.

However, more important than these developments is the fact that high academic standards have been maintained in all departments of the institution. The faculty in many areas of instruction has been strengthened, all departments of engineering have been accredited nationally for the first time, and special interest has been manifested in all phases of extra-curricular activity.

May you cherish ever the memories of this, your year, at Tech; and may your accomplishments in the classroom and the laboratory and your associations in all segments of campus life serve as a bulwark of strength as you challenge the future.

Faithfully yours
R. L. Ropp
President

Mr. and Mrs. Ropp at an informal tea.

A real Bulldog supporter!

The President's home.

Fully accredited by the Association of Colleges and Secondary Schools of the Southern States, Louisiana Tech confers four degrees: bachelor of accounting, bachelor of arts, bachelor of science, and bachelor of music. The grounds of the college comprise a campus of 104 acres within the city of Ruston, a tract of 29 acres adjacent to the campus, and the demonstration farm of the School of Agriculture and Forestry consisting of 352 acres situated about a half mile from the campus. The college buildings number a total of 40. Tech reached a peak in enrollment in the fall of 1956 when 3,012 students, 2,150 male and 862 female, registered at the college.

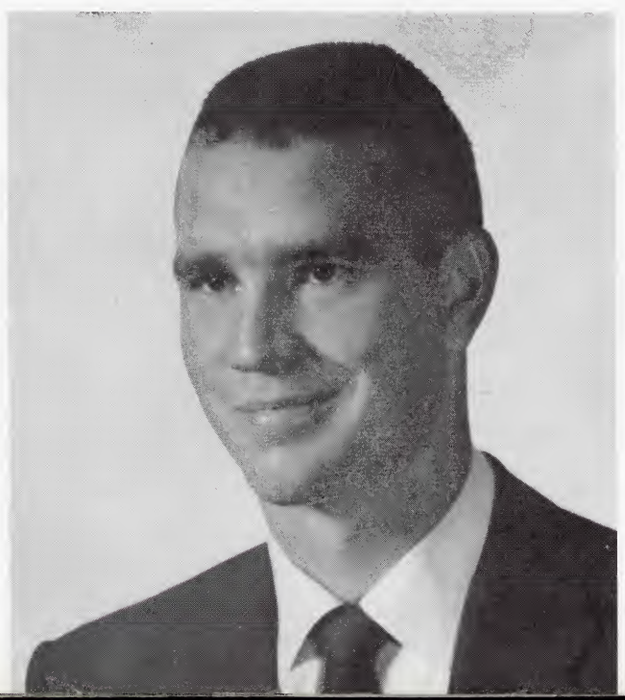
THE STUDENT SENATE

Roland Robertson
President



The Student Senate of Louisiana Tech is the official governing body on the campus. Executive powers of the Student Body Association, of which all Tech students are members, is vested in the Student Senate. Members of the Senate are elected each spring in a campus election.

The Student Body Association was organized during the 1937-38 session to "secure a better school spirit, to promote worthy projects in the interest of the whole student body, and to promote general student activities."

This year the Student Senate served as host for the State Fair luncheon, planned the Homecoming Parade, sponsored a loan service, directed the orientation program for freshman boys, sponsored a student insurance program, and a job clinic. As new activities, the Senate revived the teacher evaluation program, placed suggestion boxes on the campus for the use of the students, encouraged better elections through establishment of political parties, and worked on new ideas for electing students to Who's Who in American Colleges and Universities.

The Louisiana Tech Student Union is an organization composed of one representative from each sorority and each fraternity, and six independent representatives. It is a service organization and has helped develop a well rounded program of activities for the entertainment of the student body.

During the 1956-57 term the group sponsored the annual Halloween Carnival, in which all the Greek organizations entered booths featuring everything from a house of horrors to cake walks; the Christmas formal with music by Les Elgart's band; the Christmas candlelighting service; a banquet honoring freshmen who have a "B" average for the fall semester; Stunt Night, a popular program during the long stretch without holidays; dances after football games; practice dances on Tuesday nights with music by the Debonnaires; and the spring formal featuring the music of Harry James.

THE WOMEN'S LEAGUE

Coeds admire display of life for a Tech girl put up on Women's League Day.

Activities for Women's League Day. featured a skit on campus life.

The Women's League, composed of all regularly enrolled women students at Tech, was organized in 1939 with the purpose of discovering problems among women students in regard to living conditions, social life and scholastic standing, and seeking solutions to these problems. This organization, the largest on the campus, is a member of the national Intercollegiate Association of Women Students.

On campus, various activities during the year are sponsored under the direction of the executive board, elected by women students in the spring. At the opening of school the Women's League conducts the freshman advisor program for freshman women, the capping ceremony, and pajama party. They publish the Tech student directory, sponsor Mothers' Week-end, all-campus discussion groups, and scholastic competition among dorms. Second semester activities include an assembly for the election of new officers and a style show, sending delegates to the national convention held this year in Lansing, Michigan, selecting advisors for next year's freshman women, presenting the outstanding Sophomore Girl Award, giving a picnic for drive-in and town students, sponsoring Sing Week, and installing the new officers.

The purpose of the Campus Women's Council is to unite the governing bodies of the four women's dormitories so that problems may be worked out together. The organization is composed of officers of each dormitory.

Each year the CWC publishes a booklet "To Do and Not To Do" which includes all dorm rules, and all new women students are given a test on the booklet.

Other annual projects are: Mother's Weekend Coffee, Christmas Pajama Party, and the May Day Breakfast.

Thelma Jane McKinney

Officers for the Blue Jackets for this year were Jeanne Mack, secretary; Lillian Roddy, vice-president; Patsy Mayfield, president; Gretchen Kovac, publicity chairman; and Mamie Kovac, treasurer.

THE BLUE JACKETS

Composed of 83 coeds, the Blue Jackets include 11 girls from each sorority and 17 independents. Requirements for membership include sportsmanship, scholarship, and loyalty to the school. The purposes of this organization are to promote sportsmanship in all athletic events, to promote college spirit on the campus, to promote close cooperation between students and faculty, and to act as a welcoming committee to all visiting athletic teams and their supporters.

This year the Blue Jackets attended football games, basketball games, and served as official hostesses for campus activities.

Snappy majorettes for this year were Gail Pearson, Betty Wall, Patsy Lemoine Taylor, Annice Rayfield, and Shelby Jean Pugh.

The Louisiana Tech band is composed of students majoring in music and others who are interested in music. The band is under the direction of Joe Sheppard.

For the second consecutive year, the band marched in the Mardi Gras Rex parade and presented concerts throughout the trip at various high schools. Other activities of the organization included attending football games, presenting half time shows, attending basketball games, and attending rallies.

Officers of the band are: Tommy Shively, president; John Wooldridge, vice-president; Jimmy Joyner, Glenn Cobb, Randall Barron, advisory board; and Ralph McMickle, drum major.

TECH TALK

Established in 1927 as a student weekly, the Tech Talk is published every Thursday afternoon during the year by the Journalism Department and is printed in the college print shop. Students majoring or minoring in journalism make up the staff, with faculty assistance by Kenneth F. Hewins.

Reporters for the fall semester were Marilyn Coil, Lilah Rabun, James Dugan, Lora Willis. Not shown is Al Cathey.

The paper serves a twofold purpose: to give journalism students practical experience in newspaper work and to present coverage of campus activities to the readers. Circulation at the college includes students, faculty and staff members. The paper goes by mail to alumni, high schools of the state, and others interested in Tech.

Work on an issue of the Tech Talk begins on Monday morning. News sources include each of the six schools on the campus, student government, social activities, sports events, and organizations. Staff members get practice in news writing, editorial writing, feature writing, sports writing, copy reading, headline writing, proof reading, and layout.

Spring semester reporters on the paper were Lilah Rabun, James Dugan, Ed Shearer, Wallace Anthony, and Lawrence Benefield. Not shown are Lyn Wall and Wiley Post.

THE 1957 LAGNIAPPE

Ed Shearer
Sports Editor

The Lagniappe, Tech's yearbook, is published annually by students who are interested in working on the book. They are not necessarily journalism majors or minors. Work begins in September and continues until May when the book is published. Experience for the supervision of school publications and other phases of journalism is gained by working on the annual.

Staff members are selected by the editor and assistant editor at the beginning of school from students who have had experience on working with annuals or those who show interest, ability, and willingness to work.

Activity editor and organization editor are Betty Anders and Mary Alice Insley, respectively.

Editorial assistants, Gaynell Robinson and Lilah Rabun, work with snapshot editor, Louis Boudreaux.

Pictures for the annual are supplied by the college photographer, Mrs. Laura Higgins, who operates the studio on the campus along with student helpers who are employed to help her. The faculty adviser for the annual is Kenneth F. Hewins, head of the Journalism Department.

Studio workers that supply pictures for the annual are Richard Raus, Jean Shaw, Mrs. Laura Higgins, Ken Nichols, and John Barham.

THE TECH ENGINEER

The entire staff has a meeting to plan layout for monthly publication.

John Barber
Editor

The Tech Engineer is a magazine published in November, January, March, and May by the students and faculty of the School of Engineering.

Having fulfilled entrance requirements of Engineering College Magazines Associated, an organization of engineering college publications, the Tech Engineer was granted full membership into the group in 1955. The aims of the association are to standardize size and format, to simplify the soliciting and distributing of national advertising, and to promote the improvement of engineering journalism.

The staff is composed of engineering students interested in technical journalism. Each member is responsible for a certain portion or phase of the publication. The staff members are chosen by the editor and faculty advisers and their service is voluntary.

Staff members work hard to meet deadline.

THE HONOR COURT

The Honor Court consists of eleven members. These justices, who must have acquired junior status, are elected by the Student Senate and serve on the Court until they graduate. The Court is now in its seventh year at Tech.

The purpose of the organization is "to promote higher standards of citizenship on the campus, to maintain a code of honor among students, and to administer justice through a student judiciary."

Students who have violated college rules and regulations are brought before the Honor Court and tried. The procedure is something like that of a legal court room.

Officers are Marvin Stevens, chief justice; Betty Hoye, chief clerk of court; Mike Cage, assistant clerk of court; Brodie Green, prosecuting attorney; and Paul McLean, assistant prosecuting attorney.

Marvin Stevens
Chief Justice

The purpose of the Women's Recreation Association is "to further athletic interests and activities for women according to the highest and soundest standards of sports and recreation."

The organization is composed of representatives of each sorority, dormitory, and religious organization on the campus.

The WRA sets up rules and regulations governing women's intramurals on Tech campus.

Each spring on Honors Day, an award is presented by the Women's Recreation Association to that group which totals the greatest number of points in volleyball, basketball, softball, badminton, and table tennis during the year.

Officers are Julie Wooley, president; Kata Ray Lusk, vice-president; Betty White, secretary; Harvey Ann Roberts, treasurer; and Mary Ann Lowe, reporter.

THEATRE PLAYERS

Dot Hunt
President

The Tech Theatre Players, an extra-curricula dramatic group, was organized in 1936 by Miss Vera Alice Paul, with the purpose of providing entertainment for the campus and community.

In this organization, students are afforded an opportunity to act and to engage in many other activities essential to the production of a play — make-up, properties, lighting, sound, costumes, and business transactions.

Some productions of the organization this year were "Shadow of the Cathedral," "Volpone," and "Chalk Garden".

Officers are Dorothy Jo Hunt, president; Dorothy Etta Goff, vice-president; Jo Anne Reardon, secretary; Gary Young, treasurer; Theresa McMichael, publicity chairman; and Betty Wiengart, parliamentarian. Arthur Stone, dramatics head, directs the plays.

Any student who has attended one of Tech's weekly practice dances on Tuesday nights is familiar with the Debonnaires. An independent orchestra, the group has been providing music for campus and community activities since 1946. The sound of their jazz, fox trots, and rhumbas has become well known since their organization.

This year, the Debonnaires have journeyed to Barksdale Air Force Base to play for the Officers' Club three times, to the Opelousas Country Club, Monroe, and Alexandria.

The ten members of the orchestra are headed by Al Cathey.

The Reserve Officer's Training Course of Louisiana Tech has fast become one of the outstanding units in the south since its establishment in 1949. Students volunteer for a four-year program which is divided into two parts, basic and advanced. Graduates of the AFROTC are commissioned second lieutenants.

The cadet corps, supervised by a staff of commissioned officers and regular airmen is organized as a wing, and consists of two groups, each of which includes three squadrons, and the band and drill team.

During the past year the Rifle Team participated in area matches in El Paso and Baton Rouge, and the Drill Team and Band marched in the Mardi Gras parades and participated in halftime activities at basketball games. The AFROTC is responsible for raising and lowering the flag in front of Keeny Hall each day, and the Color Guard raised and lowered the flag at all football games.

The course is designed to "fulfill required academic standards in order that cadets may receive credit in proportion to their academic load; to provide that fundamental training, both personal and professional which will best fit the cadet to become a well rounded junior Air Force officer possessing a high growth potential."

Coach Joe Aillet and his staff look back on the 1956 season and see that Louisiana Tech featured one of its best lines in the history of the school.

Led by four unanimous all-Gulf States Conference gridders, tackles Tommy and Pat Hinton, center Charles Glover, and guard Bobby Stone, the Canine forward wall was very stingy, giving up but four touchdowns for the entire season.

Ends Neal Thompson and Billy White and guard Buddy Juneau completed the Bulldog line, which had no mercy on opposing backs.

TECH 0 — LOUISIANA COLLEGE 0

Louisiana Tech's favored Bulldogs met an inspired band of Louisiana College Wildcats at Tech Stadium and battled the visitors to a scoreless tie.

On two occasions the big Wildcat line rose up to stop Canine bids for touchdowns, once in the third period and again in the final stanza.

In the third quarter, Tech drove down field to the 'Cat one-yard line, but four plays later La. College had possession of the ball on their own seven-yard line. Late in the final period, Coach Joe Aillet's gridders once again drove inside the visitors ten-yard line, only to see the underdogs rise again to halt the drive on their own five.

The Wildcats narrowly missed hitting pay dirt in the fourth stanza, when quarterback Gene Southern hit Frank Mobley on the Bulldog one, but the Wildcat receiver couldn't hold on to the pig skin and the 'Cats missed their chance for an upset.

The Techmen piled up 206 yards during the fray to 96 for La. College and made 13 first downs to 6 for the visitors but could not bunch up the yardage for a successful TD drive.

TECH 0 — MISS. SOUTHERN 14

Mississippi Southern pushed across two first half touchdowns to score a 14-0 win over Louisiana Tech.

Southern, a five touchdown favorite, had to stop Canine drives on the MS six and two-yard stripes before they could claim their seventh straight win over the invaders.

The Southerners drove 48 and 46 yards for their two markers, with Harvey Seligman driving over from the one for the first tally and halfback Joe Doggett scampering 21 yards with a pass for the second.

However, it took a Canine back to bring the crowd to its feet. Following the Southerners' second TD, Tech shook shifty halfback A. L. Williams loose for the longest run of the night. The Tech scatback took the ensuing kickoff on his own 15-yard line, raced up the middle of the field, and broke into the clear at the mid-field stripe. After a 78-yard jaunt, Williams was finally pulled down from behind on the MS seven.

Two plays later the Bulldogs fumbled to end the scoring threat.

The contest ended with the Bulldogs desperately fighting to get back in the game, with the ball on the Southern two.

Two Wildcats stop Canine halfback Sonny Sumlin two yards away from pay dirt. Bulldog backs Jerry Frasier (33), *Jim McCabe* (11), *and A. L. Williams* (23) look on anxiously.

TECH 37 — S. F. AUSTIN COLLEGE 14

Louisiana Tech romped for six touchdowns and 533 yards gained to roll by Stephen F. Austin 37-14 at Tech Stadium.

The Bulldogs scored their first marker of the season four minutes deep in the contest, when quarterback Jim McCabe tossed a six-yard scoring aerial to end Neal Thompson in the end-zone.

The Lumberjacks bounced back to take the lead on a 24-yard pass play from Votto Gaddis to halfback Stanley Cruse. Gaddis split the up-rights to give the visitors a 7-6 lead.

Tech took the lead for keeps on the first play of the second period when Sonny Sumlin drove over from the one, and fumbled, but center Charles Glover recovered it for the TD.

In the third quarter McCabe heaved a perfect pass to end Billy White, who alertly lateraled to fleet-footed A. L. Williams, who raced the remaining 40 yards to pay dirt.

Tech's other markers were tallied by Charles Saucier, on a 4-yard plunge in the third stanza, Jerry Frasier, on a three-yard drive in the fourth quarter, and end Pat Patterson, on a 28-yard pass from Clyde Thompson.

End James Nutt tallied the final 'Jack marker in the final period on a pass from quarterback Thomas Jordan.

TECH 6 — McNEESE 0

A 13-yard pass play from quarterback Jim McCabe to halfback A. L. Williams gave Louisiana Tech a 6-0 Gulf States Conference win over McNeese State at Tech Stadium.

Midway of the third period McCabe hit the Bulldog scatback on the McNeese three, and Williams scampered into the end-zone for the game's only marker.

The Techmen had to stop three Cowpoke drives inside the Canine 20 in the first half. Each of the visitor's drives ended with field goal attempts, all of which sailed wide of the goal posts.

McCabe's game winning toss to Williams was set up by a McNeese fumble. Tackle Pat Hinton broke through the Cowboy line to recover the ball on the Canine 45. Tech got within scoring range on a 34-yard jaunt by Williams to the Cowboy 15.

The Techmen piled up 203 yards to 138 for the visitors and out first downed the visitors 13-9. The alert Bulldog defense pounced on five 'Poke fumbles.

TECH 13 — ARKANSAS STATE 21

Louisiana Tech took an early second quarter lead on a sensational 92-yard touchdown run but the Bulldogs could not hold it, as they fell 13-21, before Arkansas State College.

Quarterback Billy (Buzz) Bond gave the visitors their early lead when he picked off an Arkansas State pass on his own eight-yard line and galloped 92-yards untouched for the marker. A. L. Williams' PAT attempt was no good and Tech held a 6-0 advantage.

The Bulldogs other tally came in the final period when fullback Jerry Adams ploughed over from the 12-yard line to climax an 85-yard drive.

State's Indians gained the decision on the accurate passing of their NAIA All-American quarterback Tom Speirs, who pitched two scoring aerials and kicked three extra points.

Halfback Don Riggs was the target on both of Speirs touchdown heaves. The first came in the second period, covering 14 yards, and the other came in the third quarter, a 13-yard play. State's final TD came with but seven seconds remaining in the contest. Aided by a 15-yard penalty and a 29-yard run by Bill Templeton, the Indians sent halfback Eddie Romeo over from three yards out as the game drew to a close.

TECH 0 — NORTHWESTERN 0

Arch rivals Louisiana Tech and Northwestern State fought to a scoreless tie in a Gulf States Conference encounter on the muddy turf at State Fair Stadium.

Each eleven threatened to score but neither could plunge across the double stripe. The Demons were the first to threaten to score. Early in the second period quarterback Dale Hoffpauir took a punt on the Demon 16-yard line and raced down the sidelines to the Bulldog 25 before punter Wayne Bourgeois could drag him down from behind. The Demons rolled down to the Canine five on a 17-yard pass from Hoffpauir to end Doc Bankston but two plays later Tech center Charles Glover picked off a Hoffpauir aerial to end the threat.

Fullback Jerry Frasier and Bourgeois moved the ball out to the Tech 29 to put some fire into the Canine machine. Several plays later quarterback Billy Bond tossed a long pass to end Sidney Anderson, who romped to the NSC 20 before he was finally stopped. Tech's threat ended on the next play when Northwestern's Dewey O'Neal picked off a Canine pass.

The Techmen drove to the NSC eight on the running of halfback Sonny Sumlin but the drive bogged down on the fourth down. Bourgeois attempted a field goal from 12 yards out but the ball sailed off to the side of the goal posts.

TECH 33 — SOUTHWESTERN 6

Louisiana Tech turned on the steam in the second to push across five touchdowns to humiliate Southwestern Louisiana Institute 33-6 in a Gulf States Conference game.

Sophomore halfback Charles Saucier led the second half onslaught with TD runs of five and 45 yards.

It was the visiting Bulldogs' first victory at McNaspy Stadium since 1948 and also marked the first homecoming day loss for SLI since that year.

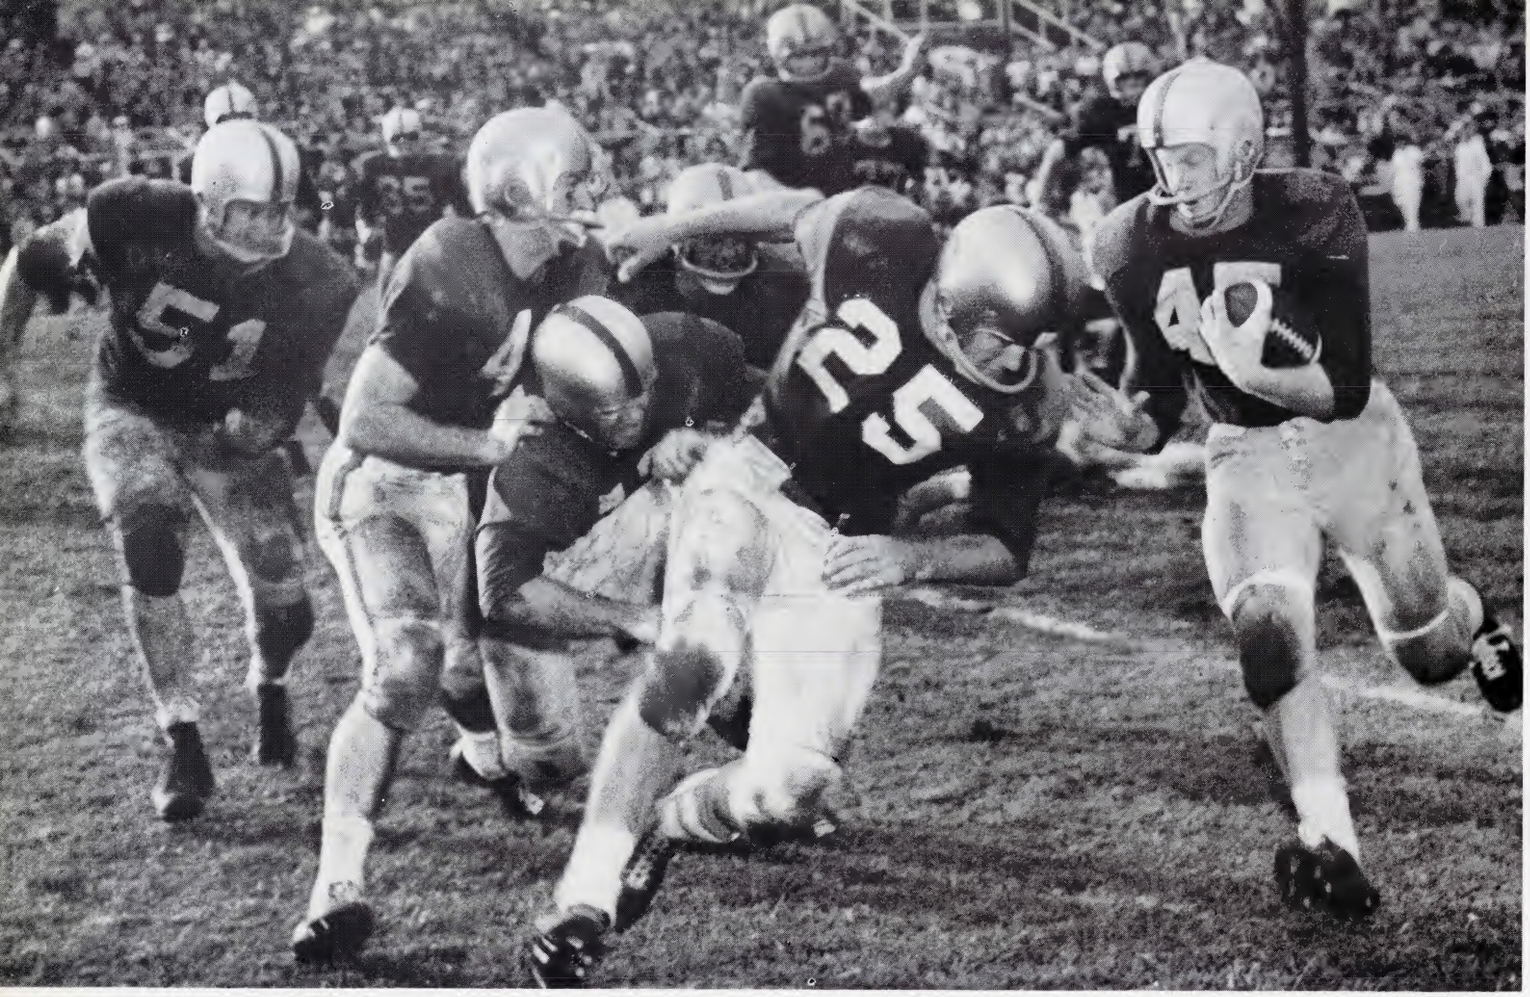
Midway of the initial period, halfback A. L. Williams took an SLI punt on the Tech 20-yard line and returned it 34 yards to the Southwestern Bulldogs' 46. The Canines continued the drive after a fumble had momentarily halted it and Saucier drove over from the five for the marker. Wayne Bourgeois converted to make it 7-0, Tech.

Williams galloped 23 yards for a tally early in the third quarter and Bourgeois again converted to make it 14-0. The Canines scored two more touchdowns in the third quarter. Fullback Jerry Adams cracked over from the two, with Bourgeois again adding the point, and quarterback Jim McCabe triggered a 15-yard pass to end Pat Patterson in the end-zone.

Tech's final tally came late in the fourth quarter when Saucier raced 45 yards for the touchdown.

SLI's lone score came with less than three minutes remaining in the contest when Frank Foreman cracked over from the one. Jerry Lewis converted to make the score 33-6.

Quarterback Billy (Buzz) Bond (14), brings the homecoming day crowd to its feet on a 40-yard touchdown run with an intercepted pass. The Lions were in hot pursuit, but couldn't catch the Bulldog speedster.



Halfback Sonny Sumlin picks up yardage around the left side in the homecoming game against Southeastern.

TECH 12 — SOUTHEASTERN 6

Quarterback Billy Bond tossed a six-yard touchdown pass and raced 40 yards for another marker to lead Louisiana Tech to a 12-6 upset win over Southeastern Louisiana College.

The Gulf States Conference encounter was played before some 7,000 homecoming fans at Tech Stadium.

Tech drove 54 yards for a touchdown the third time they got their hands on the ball. Wayne Bourgeois set the stage for the first tally when he intercepted an SLC pass on the Bulldog 40 and returned it to the Tech 46. Bond's basketball-like passes over the line of scrimmage to ends Neal Thompson and Billy White set the pigskin on the Lion six. The Haynesville gridder then hit Thompson in the end-zone for the TD. Bourgeois missed the PAT attempt, which sailed off to the right of the goal posts.

The alert Bond gave the Techmen a comfortable 12-0 lead in the third quarter when he picked off an SLC pass thrown by Billy Hawkins and romped 40 yards untouched for the score.

The Lions, who got their first first down 39 minutes deep in the contest, scored its lone marker late in the final period on a 35-yard pass-run play from quarterback Cliff Stringfield to end Huey Husser.

TECH 0 — NORTHEAST LA. 7

Louisiana Tech met head on with a fired up band of Northeast Indians, and the Northeast State crew upset the Canines 7-0.

The loss dethroned the Gulf States Conference defending champs and enabled Southeastern to slip through the back door and snatch the GSC crown from the Canine's grasp.

The Indians tallied their decisive touchdown with 5:45 remaining to be played in the fray. Quarterback Everett Reynolds heaved a 25-yard pass to end Billy Laird for the game's only touchdown. Reynolds added the point to make the score 7-0 in favor of the underdogs.

Tech threatened to score several times throughout the contest, but were unable to punch the ball across the double stripe.

The Techmen had the edge in the statistical department, picking up 145 yards rushing to 97 for the home team and gaining 11 first downs to 5 for the winners.

Northeast picked off three Canine aerials and pounced on two Bulldog fumbles to aid them in their victory.

Whoops! Three Bulldog defenders stack up on top of each other before downing this Northeast ball carrier.

Jim Knotts drives through the Northeast defense for a two pointer.

Forward Gary Richardson drives in for a lay-up against Southwest Texas State.

Forward Jap Gullatt flips in two for the Bulldogs against Mississippi Southern.

The Louisiana Tech basketballers showed much improvement over the Canine cage team of 1955-56 by compiling a 14-11 won-loss record during the '56-'57 campaign as compared to the 11-14 record of the previous season.

The Bulldogs nosed out Northeast State in the final game of the year to move into second place in the Gulf States Conference. Tech's GSC slate showed 6 loop wins and 4 losses.

Tech jumped off to a good start and after 19 games had 12 victories under their belts. The injury jinx hit the Canines at this point. Forward Gary Richardson broke a bone in his right foot and had to sit out the rest of the season, and forwards Jap Gullatt and J. W. Mercer missed several games because of ankle injuries.

After the season ended, four Techmen were named to the All-GSC team. Center Raymond Germany was picked on the starting five of the dream team chosen by the Associated Press. Sophomore guard Charles Frye was named to the second unit and seniors Gullatt and Jim Knotts were chosen on the third team.

The year brought to a close the collegiate careers of Gullatt and Knotts, Gullatt came to Tech right out of high school and put in four good seasons for the Crowleymen. Knotts came to this school after playing two years of junior college ball and averaged over 12 points a game for the Bulldogs during his junior and senior cage seasons.

The Techmen were strengthened in the coaching department during the '56-'57 season when Coach Crowley got an assistant, Orlis Long.

"Shorty" Long coached the Bulldog freshman team, took care of some of the scouting chores and assisted Coach Crowley on the bench during games.

The Canine freshman team played two games against the Northeast frosh and won both tilts easily.

Long is a student at Tech and he will be around three more years before completing his education. Coach Crowley can look forward to having Shorty's help during the next three years.

The entire Northeast team looks on helplessly as Gullatt floats under for an easy crip shot.

Germany drops in another field goal against Abilene Christian as Tech's Gary Richardson (24) *and Jim Knotts* (45) *get rebounding position on the Wildcats.*

Germany was the leading scorer for the Canines pumping in 414 points for an average of 16.6 points per game. Knotts followed big Ray with 335 points, Gullatt totaled 306, Frye tallied 292 and Richardson scored 160 points.

The leading scorer among the reserves was Mercer with 78 points, followed closely by Grissom with 75. Woodward added 62 points to the Bulldogs total of 1767 points for the season.

Frye proved to be the most accurate from the floor and the free throw line. Bud hit .463 per cent on field goal attempts and .783 from the charity line. Two other Bulldogs hit over 78 per cent of their free tosses. Richardson hit .782 per cent and Knotts tossed in .781 per cent.

Germany led the team in total number of rebounds (204), but Richardson had the best rebound average per game. Gary pulled down 198 rebounds in 19 tussles for an average of 10.4 rebounds per fray.

First row: Melvin Colvin, Jim Knotts, Eddie Joyce, Clyde Hunt, Glenn Schuler, Bill Till, Jesse Mercer, Curtis Allen, Bobby Shores, Doug Robertson. *Second row*: Ronnie Coil, Bill Britt, Al Bolen, Richard Turner, Dudley Trigg, Ken Miles, Wade Scott, Clyde Thompson, Gene Barham. *Third row*: Bob Till, Curtis Tubbs, Oliver Holder, James Henry, Clyde Kay, Gerald Cobb, J. BASEBALL

During the 1956 season, Louisiana Tech's baseballers swept past twelve opponents dropping only eight tilts. Coach Berry Hinton's nine ended their Gulf States Conference slate with a 7-4 record to take second place in the loop race.

Two of the Canine sluggers were among the leading hitters in the conference. Outfielder Bubba Colvin rapped out 16 hits in 39 trips to the plate for a fine .410 batting average. Third baseman Wade Scott hit at an .380 clip, tagging 16 safeties in 42 batting chances.

Colvin, who has hit around the .400 mark in each of his three seasons with the Bulldogs, was a unanimous choice on the All-GSC team. Two other Canines were named to the dream team, Scott and first baseman Doug Robertson.

The Techsters have not fared so well in the first half of the 1957 campaign. Tech has managed to win only two of its first 12 battles. However, only two of the losses have been in GSC action, as was one of the two victories.

However, Coach Hinton's crew can look back on the '56 season and be proud of its outcome, and look forward to the remainder of the '57 slate, hoping for bigger and better things from the Bulldog baseballers.

TRACK

The 1956 track season was a season of record breaking performances by the Canine cindermen. Coach Jimmy Mize's trackmen took second place in the tough Gulf States Conference and set seven new records and tied another at the GSC Meet to close out the season.

Bruce Lenoir set new marks in the 100 and 220-yard dashes with times of 9.7 and 21.0 respectively. Hurdler Joel Thomas broke the old records in both the high and low hurdles, stepping the former in 14.5 and the latter in 23.7. Distance runner Robert Dunbar ran the mile in 4:24.1 and Canine pole vaulter Oberle Allbritton vaulted 13 feet, both established new marks.

The Bulldogs also broke the 440 relay record with a time of 42.1 and tied the 880 relay record with a time of 1:28.2. At the Kansas Relays Tech's 880 quartet took first place in the college division with a time of 1:27.0.

TENNIS

Louisiana Tech swept past six opponents during the regular season and then went on to take the Gulf States Conference championship in the loop tourney at Lake Charles in 1956.

Coach Cecil Crowley can bunch his six duel meet wins of last year with three during the '57 season and one in '55 to show a streak of ten straight wins over the past three seasons.

The Canine netters swept by all opposition with ease last year and have done the same in the first three matches this year.

The Bulldogs were led by the conference's number one singles champ, team captain Leonard Maranto. Number two man for the Canine racquet swingers during the '57 season was freshman Raymond Wickard. Following these two in the number three, four and five slots respectively were Lee Fontaine, John Howard and Billy Miller.

Maranto and Fontaine took care of the number one doubles for Coach Crowley's netters, with Wickard and Howard holding down the number two doubles.

The Techmen showed spirit, hussle and determination in compiling their fine record. Techsters can cheer up when the subject of tennis comes up because they know that the Bulldogs are tops among the small colleges of Louisiana.

Whether the Bulldogs go on to win their second successive GSC championship or fall by the wayside, they will always be battling down to the wire, win or lose.

GOLF

Louisiana Tech's linksmen have become a team of champions over the past five seasons. No Gulf States Conference golf team has been able to capture the conference title in those five years, as Coach Joe Aillet's crew has taken five straight championships.

The 1957 squad is seeking to keep the streak going, but must do so without the services of four members of last year's championship team. Finishing up their playing days under the tutelege of Coach Aillett were the '56 team captain, Jim Rivers, Joe Morris, Dick Taylor and Bobby Irby.

The three returning veterans from last years crew were Howard Dennis, Jerry Latham and Irving King. Joining these three to compose the 1957 foursome was Roy Nash. Nash broke in as a regular in his first year at Tech and did a fine job for the Bulldogs.

Golf is truly the sport of champions on the Louisiana Tech campus. No other sport that Tech competes in in intercollegiate competition has been able to top the golfers accomplishments.

Although the Tech linksmen have dropped several matches in each of the past five seasons, only one loss has been in the conference. Southwestern Louisiana Institute was the loop team that did it, downing the Techsters during the '55 season.

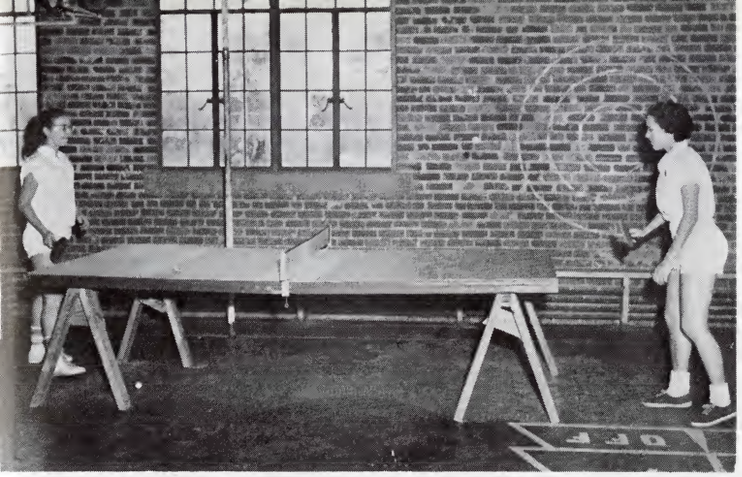
INTRAMURAL SPORTS

Everyone gets set as the pitcher gets ready to hurl in an intramural battle this spring.

Leather flys as these boxers slug it out in an effort to stack up points for their respective teams.



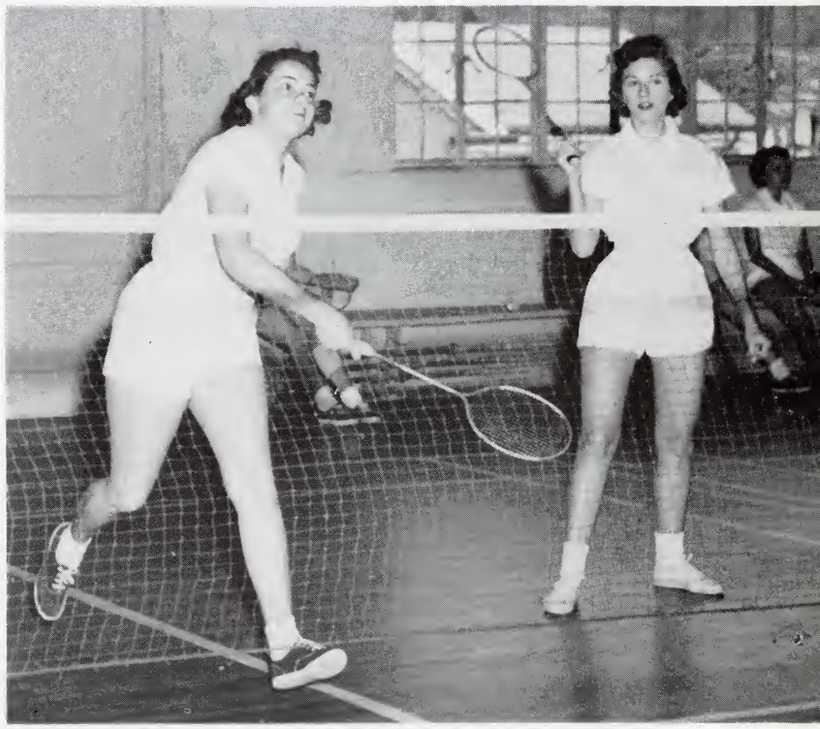
Ping pong tournaments are part of girl's intramurals.

Intramurals play a very important part in the life of a college student. Most of the boys and girls at Louisiana Tech take part in some form of intramural athletics.

Coach John Hay and Nelwyn McDonald are the directors of intramurals. A student director sets up the schedules for the various activities for the boys and the Women's Recreational Association for the girls.

The intramural program for boys includes football, basketball, softball, track, pool, ping pong, tennis, and boxing. Girls participate in volleyball, basketball, badminton, ping pong, and softball.

Each year an award is given to the outstanding player for the boys and a trophy is presented to the girl's team with the most points. Greek, dormitory, religious, ROTC, and independent groups participate.



Skill in badminton is learned through participation.

CHEERLEADERS

Four of the Tech cheerleaders, two girls and two boys, are elected in the spring in an election sponsored by the Student Senate. The freshman class elect a boy and girl from its class the following fall to complete the squad. Those who are chosen must have an overall "C" average.

Wearing the traditional red and blue of Tech, they keep up the pep at all football and most basketball games. They are also responsible for decorating the goal posts for football games, organizing all pep rallies, and sponsoring the annual bonfire before the State Fair game with Northwestern.

Leading the cheers for the Bulldogs were Bonnie Jowers, Leona Wimple, Leu Strange, Andre Gouaux, Gerry Latham, and Bob Robinson.

Organized in 1931 with the purpose of fostering sportsmanship and fair play in all athletic contests, the "T" Club is composed of lettermen in football, basketball, track and field, tennis, golf and baseball.

Each year the group sponsors the Homecoming dance which is planned for alumni, students, faculty members and other guests. The dance is highlighted by the presentation of the Homecoming Queen and her court who has been elected by the organization. The club also sponsors a spring picnic for its members.

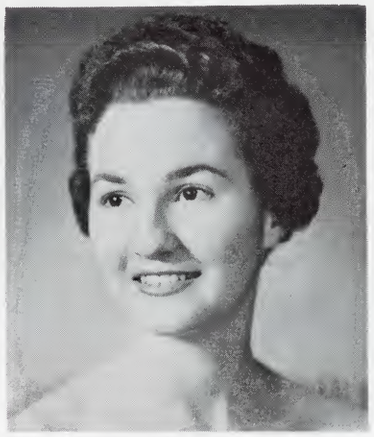
ALPHA CHI OMEGA SORORITY



Dorothy Etta Goff
President

Alpha Chi Omega sorority was founded in October of 1885 at DePauw University, Green Castle, Indiana. The local chapter, Beta Psi, was installed on Tech campus on October 17, 1944. The sorority flower is the red carnation and the colors are scarlet and olive green.

The sorority held open house during rush. It participated in the Homecoming parade, Stunt Night, and Sing Week. An annual coffee for faculty was also an event of late fall.

Summer activities included a houseparty which was held at Caney Lake. The chapter greeted a new province president, Mrs. Edward Kerr, during the fall.

Scholastically, the local chapter rated first among Greek organizations for the fall semester of 1956-1957. Special projects included the making of stuffed animals by the pledges. These toys were sent to the Children's Hospital for Cerebral Palsey.

On March 9, Beta Psi chapter and the sorority alumnae club in Ruston were in charge of the State Day activities which took place in the Ruston High School cafeteria.

BETA SIGMA OMICRON SORORITY

Beta Sigma Omicron was founded in Columbia, Missouri, on December 12, 1888. The local chapter was founded in May, 1947. The chapter colors are ruby and pink; the rose is its flower.

During the current year the chapter participated in the Homecoming parade and won first place with its Christmas display at the President's home. Another project was a booth at the Campus Carnival in November, featuring "Beta Poker." The group also entered intramurals.

Special social events held this past year included a reception in Adams parlor for the new pledges, the Christmas party, alumnae party, and the annual Spring Formal in April with the theme, "Pink Fantasy." Caney Lake was the scene of the group's houseparty held last May.

The visit of the sorority's national first vice-president highlighted April for Beta Eta with the Southern Regional Conference in Baton Rouge following soon after.

A workshop at Ford Park was held last summer with many plans being made, including the official project of the group this year. This project is collecting items for patients' use in the hospital at Pineville, Louisiana.

KAPPA DELTA SORORITY

The oldest sorority at Tech, Alpha Chi chapter of Kappa Delta came to the campus in April of 1931. It was founded nationally on October 23, 1897, in Farmville, Virginia. The sorority colors are green and white; the flower, the white rose.

Honors won by the chapter in the spring of 1956 were the Panhellenic scholarship trophy for the highest average among all Greek groups for the eighth consecutive semester and the Sing Week trophy for the second year with the song "My Own America." The annual circus party was held during rush along with the alumnae parties.

Kappa Delta won third place for its Christmas decoration in the President's home. Third place was also won at Stunt Night with a calypso production number entitled "The Curse on Bigi." State Day, which was held in New Orleans, was attended by some members who took part on program. The chapter won first prize on its sorority display there.

The highlights of the spring activities for 1957 were the annual formal held in Adams Cafeteria and the Installation Banquet. The national president of the sorority, Mrs. Texas Campbell, was the guest speaker.

PHI MU SORORITY

Phi Mu sorority was founded at Wesleyan College, Macon, Georgia, on March 4, 1852. Alpha Lambda chapter was installed on Tech campus in November, 1943. The sorority colors are rose and white and its flower is the enchantress carnation.

The National Convention was held in 1956 at Biloxi, Mississippi. The chapter received the "Ronoh Award" given bi-annually to the chapter which most exemplifies the spirit of "lending a helping hand." Mrs. L. V. Dennis, district president, visited the chapter in February, 1957.

The annual houseparty was held in July at Caney Lake and open house was held during Homecoming. Founder's Day, March 4, was climaxed with a banquet attended by the chapter and local alumnae.

Alpha Lambda chapter participated in many activities this year. Among them were the Homecoming parade, the Campus Carnival, and Sing Week. In the annual Stunt Night competition the local chapter placed first.

Highlighting the spring semester activities was the "May Fantasy Ball" held with Sigma Kappa sorority.

Sigma Kappa sorority was founded at Colby College, Waterville, Maine, in 1874. The local chapter, Beta Epsilon, was organized in March, 1940. The colors of the sorority are lavendar and maroon and the violet is its flower.

Activities of Sigma Kappa this year have included holding open house in the sorority room during rush and Homecoming. "Pearl of the GSC," Sigma Kappa's float in the Homecoming parade, won first place honors.

During the Christmas season the sorority gave its annual Christmas parties and entered the decorations contest at the President's home. Another activity of the group was the annual Valentine Day party for the retired faculty members of Tech.

Sigma Kappa's houseparty was held in July on Lake St. John. Approximately 25 members attended and made plans for the year's activities. The sorority National Convention was held in Colorado and Beta Epsilon was represented by two delegates.

THETA UPSILON SORORITY

Theta Upsilon was founded at the University of California in Berkeley, in 1909 as a girl's club. On January 1, 1914, the group became Alpha Chapter of Theta Upsilon. The local chapter, Psi, was installed on January 28, 1932. Iris is the sorority flower and the colors are yellow and white.

Highlighting the summer activities, Psi Chapter held its annual houseparty at a camp near Sterlington, Louisiana, and an informal party was given for the actives, pledges and alumnae in Monroe.

Activities of the sorority this year have included participation in the Homecoming parade, Stunt Night, Sing Week and the Christmas decorations contest at the President's home in which Psi placed second. First place honors were won at Sing Week with the song, "Catherine's Wedding."

Special occasions for the chapter included an Open House for Mother's Weekend when the mothers received the Omega Psi degree, the Christmas party, a Halloween party, Valentine Banquet and the annual Spring formal.

This fall, Psi received and honored its province president, Carol Davis.

KAPPA ALPHA ORDER

Traditionally a Southern fraternity, the Kappa Alpha Order was founded in 1865 on the campus of the present day Washington and Lee University. Today this order has grown to 78 undergraduate chapters throughout the South and Western parts of the country. Gamma Alpha chapter was chartered at Tech in 1947. Its colors are crimson and old gold, and her flowers are the red rose and magnolia.

Representatives of the Tech chapter attended the 1956 convention in San Francisco, California, and the fraternity has participated in all campus activities throughout the year. Their activities included the Campus Carnival, Stunt Night, the Homecoming Parade, and all intramural sports. This year they won the campus intramural championship in football and volleyball and took first place in the cross country run with one of the members setting a new intramural record for the event.

Climaxing the year's activities is the traditional Old South Week End. In the past President Ropp has declared the entire week end as such in the secession ceremonies on the steps of Keeny Hall. Activities start on Thursday afternoon with the delivering of invitations to the dormitories by uniform rebels.

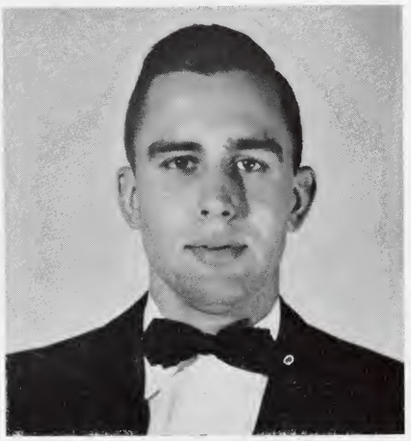
KAPPA SIGMA FRATERNITY



Roger Galatas
President

Kappa Sigma fraternity was founded in 1869 at the University of Virginia. Omega Kappa, a local fraternity formed in 1928, was granted a charter and installed as the Epsilon Gamma chapter of Kappa Sigma in 1941. The colors are scarlet, white, and emerald green, and the flower is the lily of the valley.

Special parties given by the fraternity included the French party, Christmas party, two hayrides and several informal record parties. The pledges gave a "mixer" honoring sorority pledges at the beginning of the year. During the fall open house was held before each home football game.

Among activities of the group were participation in Sing Week in which they won first place with "Deep In My Heart," Homecoming parade in which they won third place with their float, the Halloween Carnival and Stunt Night.

Plans are now being made for the construction of a new fraternity house that will provide accommodations for approximately 24 members.

Pi Kappa Alpha was founded March 1, 1868, at the University of Virginia. The local chapter was originally the Esquire Club, founded at Tech in 1936 by four students. S. A. Dickson was elected president, but was killed an a plane crash the following year. The name of the club was changed to Sigma Alpha Delta, his initials in Greek letters. In May, 1940, that local fraternity became Gamma Psi chapter of Pi Kappa Alpha.

The Pikes won second place this year in the Homecoming parade with their float portraying the death of the S.L.I. Lion. During the past year Pi Kappa Alpha was fraternity intramural league champion. Several members from the local chapter attended the fraternity's national convention held in September at Mexico City.

In March the traditional Black and White formal was held and Margaret Delle Collins was presented as Pi Kappa Alpha Dream Girl of 1957. Jo Ann Carso had been selected in 1956.

Pi Kappa Alpha held its houseparty at Petit Jean State Park in Arkansas, June 1-5.

Norman Richardson
President

Tau Kappa Epsilon, now composed of 142 chapters, was founded at Illinois Wesleyan University in 1899. Tech's chapter, the oldest Greek letter organization on the campus, had its beginning in 1901.

Beta Zeta of TKE participated in the Homecoming parade, Stunt Night, Sing Week, the Campus Carnival, and all intramural sports, tieing for first place in basketball. In Stunt Night competition, Tau Kappa Epsilon placed second. Holding Open House before each football game was also an activity of the fraternity.

At the Southeastern football game, Beta Zeta brought a hugh bell onto the field and rang it every time Tech scored or made yardage for a first down. This idea was well received by the campus and the bell thereby became a tradition with the fraternity.

The summer houseparty was held at Lake Hamilton, Arkansas. Special parties of the fraternity were the Christmas formal, pledge-active parties, hayrides, coke and dance parties and the annual Red Carnation Spring Formal.

Monta Johnson Phillips was presented as Sweetheart of TKE at the annual spring formal in 1956.

Theta Xi fraternity was founded on the campus of Rensselaer Polytechnic Institute at Troy, New York, on April 29, 1864. The colors are blue and white. The Alpha Upsilon chapter was founded April 2, 1949, on the Tech campus.

The chapter participated in intramurals, Homecoming, and Stunt Night. The high light of the year was the fraternity's annual Spring Garden Formal which had a Grecian theme. Anne Reeves was presented as the Sweetheart of 1957 at the dance. Vee Stephens had been selected in 1956.

The fraternity was awarded the Scholarship Trophy for having the highest average among fraternity groups at Tech by the IFC. National Theta Xi also presented the chapter a trophy for attaining the highest scholastic average among all units of the organization for 1955-1956.

The purpose of the organization is to provide a college home environment for its active members in which fellowship and alumni guidance lead to wholesome mental, moral, physical, and spiritual growth. To that end Theta Xi actively supports and augments college and community efforts to make individual members more mature and chapter groups more useful units of society.

Started only last year by the Panhellenic Council, the Junior Panhellenic has as its purpose the orientation of the new pledges of the sororities with Panhellenic problems so that they will better understand how the senior group works. Its membership consists of the pledge president from each sorority and one other representative. The officers are chosen on the basis of rotation among the sororities.

The project adopted by the new group this year was the making of picture books for the children's ward at the local hospital. It also worked with the senior group on spring rush.

PANHELLENIC COUNCIL

The Panhellenic Council is the governing body for the six women's social organizations on the campus. Membership of the council consists of three representatives from each sorority and a faculty adviser. The purpose of the organization is to regulate the rushing activities and to promote inter-sorority cooperation.

Each year representatives from the council and the faculty adviser attend the Southeastern Panhellenic Conference, which was held this year on the campus of the University of Georgia in Athens. The Tech group was the only one in which all groups on the campus were represented and was also the group attending from the farthest point.

Trophies for scholarship are awarded each semester by the council to the sorority having the highest average and to the sorority making the most improvement in grades. It worked with the Interfraternity Council this year in putting up a Greek display at registration to interest students in the groups and is also working in conjunction with the IFC on a Greek Week for this spring. The Junior Panhellenic, which is composed of sorority pledges and is a training organization for Panhellenic work, is also a project of the group.

The Interfraternity Council is composed of two members and an alternate member from each of the six fraternities on the campus. It has as its purpose to foster interfraternity relations, make the rules governing the different houses, and consider applications by other fraternities for the establishment of chapters on the campus.

Each year the group sponsors a drive at Christmas to gather food and toys to send to needy families.

This year the organization worked with the Panhellenic Council in sponsoring a Greek display at registration and in making plans for a Greek Week in the spring. It also planned to form a Junior Interfraternity Council to train pledges in fraternity cooperation.

ORGANIZATIONS

OMICRON DELTA KAPPA

Founded at Washington and Lee University in 1914, Omicron Delta Kappa is an honorary leadership society for men. Beta Omicron Circle at Tech was installed in 1949.

The Society believes that while good scholarship and intellectual development are the chief objectives of college years, the life of the mind is not the only life students will have to cope with as the result of their college experience.

In following this belief, ODK recognizes and encourages achievement in scholarship; athletics; student government, social and religious affairs; publications; and speech, music, drama and the other fine arts.

Active faculty members for 1956-1957 are J. J. Thigpen, L. R. Daniel, S. X. Lewis, and Paul T. Hendershot.

Officers of the organization are Russell Rainbolt, president; Sam Goodwin, vice-president; Charles G. Hobgood, secretary; Ralph McMickle, treasurer, and S. X. Lewis, faculty adviser.

Ropp, H. J. Sachs, Richard A. Smith, Paul K. Smith, Joanne Puckett Watson, John B. Wilson, Lynelle Widick, Deloris Wimberly, Lora Willis.

First row: Wallace Anthony, Betty Aycock, Jennings Blackmon, Mary Camille Harper. *Second row*: Linda Thompson Henderson, Betty Hoye, Charles Jackson, Ruth Knotts. *Third row*: James Logan, James Lyon, Linda Lee Mims, Lilah Rabun. *Fourth row*: Walt Ryland, Ruth Carol Scheerer, James Stanford, Betty Sutton. *Fifth row*: Norma Tucker, Harol Lynn Turner, Lanelle Widick, Vanelle Widick.

SIGMA TAU DELTA

Rho Gamma chapter of Sigma Tau Delta, national honorary English fraternity, was founded at Tech in 1931. Its purposes are to foster a spirit of fellowship among those specializing in English and to extend recognition to those who achieve distinction in literary composition.

The organization entered a total of twenty-four manuscripts in contests sponsored by the College Writers Society of Louisiana, won five places and were awarded the sweepstakes cup at the Society's annual meeting this spring.

Officers for the organization are: James Logan, president; Lilah Rabun, first vice-president; Wallace Anthony, second vice-president; Norma Tucker, secretary-treasurer; Linda Mims, assistant secretary; James Lyon, sergeant-at-arms; Harol Lynn Turner, chairman of the Louisiana collection.

Faculty members of Rho Gamma chapter are A. Z. Butler, Dr. John Cawthon, G. Edward Jones, Dr. R. L. Ropp, Ernest Russell, Dr. H. J. Sachs, Robert C. Snyder, Dr. J. B. Wilson, and Dr. Frances Fletcher, faculty adviser.

DELTA SIGMA PI

The International Fraternity of Delta Sigma Pi is a professional commerce and business administration fraternity. The local chapter was founded as Beta Alpha Epsilon, and obtained its charter as Beta Psi Chapter of Delta Sigma Pi on May 15, 1948. The purpose of the organization is to foster the study of business; to encourage scholarship, social activities, and association of students; to promote closer affiliation between the commercial world and students of commerce; and to further a higher standard of commercial ethics and culture.

Male students regularly enrolled in the School of Business Administration or pursuing business administration subjects and maintaining a scholastic average above the overall men's average in the School of Business Administration are eligible for membership.

The officers for the current year are: Lamar Buffington, president; Joe Maxwell, senior vice-president; Tommy Vandergrift, junior vice-president; Edward Andrews, treasurer; William J. Haddad, secretary; Gayle C. Wells, chancellor; Gerald Johnson, historian.

First row: Edward L. Andrews, Ralph Bailey, Jack Barnett, Lamar Buffington, Harold Byrd, Jarrell Coyle, Ralph Cross, James Dunn. *Second row*: William J. Haddad, James Honeycutt, Tommy Jones, Billy Dan Kline, Roy Layton, Joe Ledoux, Joe Maxwell, Hubert D. McCain. *Third row*: Richard McCranie, John O. A. I. E. E.

The American Institute of Electrical Engineers is the professional organization of electrical engineers. The organization was founded in 1884 for the advancement of the theory and practices of electrical engineering and the allied arts and sciences and for the maintenance of a high professional standing among members. There are over 50,000 members and more than 130 student branches in the leading colleges and universities in the United States, Mexico, and Canada.

Louisiana Tech's student branch of the A. I. E. E. was founded in 1948. All students enrolled in electrical engineering are eligible for membership.

The officers of the organization are Alvin B. Raney, president; Thomas E. Pelt, vice-president; Edward Bitar, secretary; Jacob R. Brown, treasurer.

Sigma Gamma Epsilon, a national earth science honorary society, was founded at the University of Kansas on March 30, 1915. Its objectives are "to recognize the outstanding students in the earth sciences (geology, geological engineering, petroleum, and geography) and further advance the social and scientific contacts between its members."

The Beta Xi chapter of the Society of Sigma Gamma Epsilon was installed at Louisiana Tech on April 22, 1956. In conformity with the objectives of the society, the election to membership is based on scholarship, primarily in the earth sciences.

Officers of the organization for the fall semester were Brodie Green, president; Ronald Harrell, vice- president; Charles Connaughton, secretary-treasurer; and Conley P. Smith, corresponding secretary. Spring semester officers are Harold Burford, president; Maurice McKinney, vice-president; Eugene Lea, secretary-treasurer; and Sidney Worthy, corresponding secretary.

A. S. C. E.

The Louisiana Tech student chapter of the American Society of Civil Engineers was founded in 1949. The purpose of the organization is to foster the professional spirit in civil engineering.

Each year the chapter takes a field trip to observe some phase of civil engineering. A Senior Banquet honoring the graduating students is held annually. The chapter maintains close contact with the parent organization in preparation for professional work.

The officers for the group are: James D. Tooke, president; Mack F. Thompson, vice-president; Bobby D. Kemp, secretary; Wade R. Baggette, treasurer.

BAPTIST STUDENT UNION

The Baptist Student Union is an organization designed to coordinate the religious activities for Baptist students on the Tech campus and to extend the influence of the church into the school and make Christianity collegiate.

The purpose of the organization is to conserve Southern Baptist college youth for Christian leadership and the Kingdom of God. It is a church centered movement. Membership is composed of all the Baptist students on the Tech campus.

Sam Sanford is the director of the Baptist Student Union.

Scene from the Christmas Pageant given by the Baptist Student Union this year.

The Baptist Student Union has many activities during the year. This year it gave a pre-school retreat, a Christmas pageant, took part in state wide activities, sponsored a Missions banquet and an alumni luncheon at Homecoming, and gave its annual BSU picnic in the spring.

For the second year the group won Sing Week and retained ownership of the cup permanently. They sang "Almighty God of Our Father."

A newspaper is published by the organization three times a semester. It is called the "Bow Wow."

ARNOLD AIR SOCIETY

The Arnold Air Society at Louisiana Tech is a part of the national society which was formed in 1950 to encourage students to participate in Air Force programs and to create their interest in learning more about the Air Force before being called to active duty.

The organization is honorary and new members are selected by an unanimous vote of all members. The candidates for membership are selected on the basis of showing great military bearing, leadership ability, and interest in the ROTC activities and program.

The V-3 Piper Cub and Luscombe planes owned by the club.

The Flying Club is made up of Tech students and faculty members who are flying enthusiasts. The club was organized for the purpose of providing an economical means for its members to learn to fly and to keep flying after they have received their pilot certificates.

The Club boasts a V-3 Piper Club, which it bought in the fall of 1955, when it organized. In the fall of 1956, the club bought a new plane, an all metal Luscombe, which is capable of crusing at over 100 m.p.h. in cross country flights.

The officers for the club are Dickie Fernandez, president; Richard Guerriero, vice-president; Jim Naylor, secretary; Charles Roberts, treasurer; Harold Camp, maintenance officer.

Officers are Bill Wells, chief forester; A. W. Reed, assistant chief forester; Clyde Todd, fiscal agent; Travis Joiner, public relations officer; and Mr. L. P. Blackwell, faculty adviser.

FORESTRY CLUB

Those old Tech days, those joyful days,
So cherished in our memories,
Though days of toil, in many ways
Were happy days and free.

ALMA MATER

O Tech, thy halls so beautiful,
Thy pleasant walks, thy noble trees,
That charmed me in my college days,
Are ever dear to me.

Louisiana Tech, I love thee,
My Alma Mater, my Alma Mater;
I will ever loyal be
To thee my Alma Mater.

Those old Tech days, those joyful days,
So cherished in my memory,
Though days of toil, in many ways
Were happy days and free.
